

Don't Overspend on Dental Care!

WHAT IS THE HDC DENTAL SAVERS PLAN?

It is a discount plan that saves patients 30-50% off the average dental treatment fees in our area. The plan pays for itself with just a couple of cleanings or a couple of tooth-colored fillings.

HOW MUCH DOES IT COST?

Membership is \$194 annually for an individual or \$394 annually for a family of four (Parents and 2 children under the age of 18 of the same household) \$ 50.00 per person for any additional family member.

HOW DO CLEANINGS WORK?

Cleanings are \$55 for adults and \$45 for children 13 years old and under. There are no frequency restrictions, so if you need more cleanings in a year, it's always the same price.

WHO IS THE DENTAL SAVERS PLAN FOR?

The plan is great for non-insurance families and fixed-income retirees who want to save money on quality dentistry.

3 Reasons to Enroll in

1 Simple and Affordable Dental Plan

Here is the traditional dental insurance experience:

You think your procedure costs X dollars BUT...

- You haven't met the deductible, so you pay money until you reach it.
- The procedure is a "major" procedure, so it covers only 50%, meaning you pay the rest.
- Your annual benefits are limited so it really doesn't cover the 50% but only 20%.
- Now insurance denies a part of the procedure or downgrades it and you end up having to pay more money and
- STILL you're having to pay a monthly premium.

- ✓ NO Pre-Authorization requirements
- ✓ NO Pre-Existing condition limitations
- ✓ NO one will be denied coverage
- ✓ NO waiting period (immediate coverage)
